MATT FINISH

A more perfect matte coating that
adds emotion and functionality to
various design expressions
"Premium Matt"

The NON-SCRATCH function
increases durability and presents
a different sensibility compared to
existing interior films.

Blackened Steel (Bronze)

NEW JG/JF 9001 ●●

ECO FRIENDLY SOIF

Samsung Film is an eco-friendly surface finish material that has passed various tests. Its natural composition, along with our wide range of designs, makes us the leading provider in Eco Friendly, Sustainable Film.

우Excellent Fire retardant performance & safety

This product has passed the strict fire retardant test of the Fire Industry Institute of Technology. (Korea) Excellent fire retardant performance and stability protects you and your property.

Fire retardant & Eco-Certified from Spain

It is a fire and eco-friendly certification related to Spain Building Materials. Gas-free, formaldehyde and eco-friendly building materials tested and verified for safety. (ENAC Verification Number 2019AN3043)

INDOOR BUIDLING MATERIALS TESTED

Building materials for indoor use is granted. (Formalde- hyde, toluene and volatile organic compounds TVOC, etc. Test three kinds of emissions to determine their suitability.)

Selected as a Promising Enterprise in South Korea

For more than 20 years, we have been a companion for community and social development. Maintaining sustainable management, we understand our most valuable assets are our people, that's why we have focused heavily on development and maintenance programs for our employees.

BESPOKE LANTERN DESIGNS

Samsung Film has developed its own design and has a unique lantern design. In 2020, we were certified as an excellent company in technology evaluation.

Anti bacterial safety solutions

A more comfortable and safe space with a SOIF antimicrobial safety solution can be directed (check out the Soif Anti bacteria logo family, which is certified for antimicrobial performance)

STONE & MARBLE

Apply a natural (floating) sensibility and original design to your space with colours such as concrete, stone and marble, and three-dimensional embossing. With its unchanging beauty, the stone material blends harmoniously with a variety of textured materials, including metal, matt and light, to add value to the space. Create a more luxurious atmosphere.
