FIRE SAFETY

INDOOR SPACE

FIRE SAFETY

LG Z:IN Interior Film BENIF is recognized for product safety by passing domestic and global fire safety certification tests to protect the life and safety of customers in case of fire.

Flame Retardant Performance Test

It is a Korean flame retardant performance certification. It is a nationally accredited certification obtained by measuring the flame retardant performance of interior finishing materials, and only good products that have passed the test among the products produced are being sold by indicating whether they are flame retardant.
(Issuance of certification for each product)

CE Certification

It is a European Union(EU) safety verification standard. Not only the speed of fire, but also formaldehyde and heavy metal tests have been passed to prove the safety of the product for distribution in Europe.
(Certification No. 1121-CPR-KA5008)

IMO certification

It is an international marine material safety standard certified by the British Lloyd's Register, and has been recognized for its excellent flame retardancy in international standards even for ships with no shelter in case of fire.
(Certification No. MED 1850026 & MED 1850108)

BENIF secured safety that can be used for railroads by conducting durability and safety tests of interior finishing materials for railroads by SGS testing institutes in India.
(Test standard EN45545 HL 3 Grade(R1))
